RULES:

1. Before the vessel is being lifted or lowered into the water, the Customer must ensure that the slings are positioned correctly on the hull and structure before the operation commences.
2. Once the vessel has been positioned on the hard the Customer must ensure that the cradle, chocks and any other supports are correctly positioned and that he/she is satisfied that the vessel is safe.
3. The area surrounding the vessel should be kept clean at all times. Non-compliance will result in the boatyard undertaking the cleaning and the cost of cleaning will be added to the Customer's account.
4. The Customer must ensure that spray painting, grinding and sanding does not cause contamination of the surrounding Vessels and preventative measures must be implemented at all times. Cost of cleaning and/or corrective measures will be for the Customer's account.
5. Due care must be taken to protect the environment and the use of toxic materials and other dangerous substances is prohibited. Care must also be taken to avoid petrol, diesel and oil spillages.
6. Due to the high fire hazard conditions within the Boatyard, the use of open flames, welding and steel grinding must be undertaken with utmost care and the standard safety precautions strictly applied. The permission of the Yard manager and/or office must be obtained prior to such operations being undertaken.
7. Vehicular access to the boatyard is limited and will only be allowed for purposes of loading and off-loading. Please ask for permission at the access gate.
8. Customers are required to introduce the contractor and workers to the Yard Manager for which the Customer has employed to undertake work on the vessel.
9. The Customer will assume full responsibility for the actions and behaviour of their workers and contractors whilst inside the Boatyard. Only employees may be allowed inside the Boatyard and should at all times be under direct supervision.
10. Customers wishing to work on their boats after ordinary business hours, over weekends and/or public holidays must inform management (office) prior to doing so.
11. Permission must be obtained from management for any person wishing to work overnight on board the Vessel.
